	1/2 OD Flare 882FL		1/2 Poly - B 73
		Includes crimp ring	

TURN TO QUALITY. TURN TO DAHL.™

## The dahl-in-one® Emergency Valve Kit makes it possible to have the valve you need when you need it.

Choose from over 30 different pipe connectors to assemble it yourself without leaving the job. All of our pipe connectors are interchangeable and fit into any of the 3 ports on the dahl-in-one® valve body.

### It's as easy as 1-2-3.

1. Select your pipe connectors.
2. Assemble them to the dahl-in-one® valve body.
3. You've got the valve you need when you need it.

## There are 3 ways to get started with dahl-in-one®

Order a custom kit- packed with your choice of parts - or choose from 2 pre-packed kits. All kits contain valve bodies, gaskets, an Allen key and retaining compound.

### STARTER KIT

The Starter Kit gets you started with valve bodies, cap gaskets, retaining compound, plugs, an Allen Key plus 2 FREE dahl-in-one™ pipe connectors. You build your own kit by purchasing additional pipe connectors at your dahl-in-one® wholesaler.

### MEGA KIT

The Mega Kit includes valve bodies, cap gaskets, retaining compound, plugs, an Allen Key and a selection of pipe connectors for most pipe types. Additional pipe connectors are available at your dahl-in-one® wholesaler.
