Home of the Original
mini-ball™
valve Since 1984

Incorporated in 1952, Dahl is a 100%

North American manufacturer of top quality plumbing and heating valves and specialties for the hydronic industry. The Mini-Ball™ Valve, All Round™ strapping, U-Clips and Piggy Back valves are but a few of Dahl's many innovations.

Dahl was first with 1/4 turn flexible supply stops in North America; the patented Mini-Ball™ Valve was introduced in 1984 and millions of them are installed every year in the U.S.A. and Canada.

The second generation Mini-Ball™ Valve was launched in 1996 and is CSA and NSF 61/9 certified. It is available in hundreds of combinations for a variety of applications including balancing of radiant floor systems.

Dahl's products are available at retailers and wholesalers throughout North America, and are also used by a number of high quality Original Equipment Manufacturers in our industry.
