## ADAPTER

**120-43-31**

*5/8 OD Fem. Comp x 3/8 OD Comp, Straight, Brass, Adapter*

- Converts an in-line stop into a supply stop when you'd rather not remove the existing valve in an old installation

## HOSE VALVE

**111-01-04**

*1/2 Dual (C or M) x Hose, Straight, Plated*

- dahl makes straight hose valves in both plated and brass finish, with a variety of handle/operation options
- Cap & chain is available for all of our hose valves.

## PETCOCK/GAUGE COCK

**121-61-52**

*1/4 MIP x 3/8 FIP, Straight, Brass*

- dahl gauge cocks/petcocks can be ordered with many different combinations of inlet and outlet sizes...
- and they are all available in either straight or angle pattern.

## TRANSITIONAL IN-LINE VALVE

**121-23-CPX3**

*1/2 Male Solder x 1/2 (5/8 OD) Compex, Straight, Brass*

- Transitional in-line valve from Copper to PEX pipe.
- dahl offers a huge variety of mini-ball™ valves with Male Solder connections... and PEX compression connections that can be made up with a wrench.

## RETROFIT TEE & VALVE KIT

**41-2363**

*Tee & Valve 3/8 OD Female Compression Kit*

*3/8 OD Fem Comp x 3/8 OD Comp x 3/8 OD Comp*

- Retrofit tee & valve kit with mini-ball™ valve to isolate branch.
- Piggy-backs onto existing supply stops or supply adapters to supply a new fixture or appliance with a 3/8 OD line.
- Great for dishwashers, water filters, bidets and more...

## RETROFIT TEE & VALVE KIT

**41-2415**

*Tee & Valve 3/8 OD Female Compression Kit*

*3/8 OD Fem Comp x 3/8 OD Comp x 1/4 OD Comp*

- Retrofit tee & valve kit with mini-ball™ valve to isolate branch.
- Piggy-backs onto existing supply stops or supply adapters to supply a new fixture or appliance with a 1/4 OD line.
- Great for icemakers, instant hot units and more...
