VALVES WITHOUT COMPRESSION NUTS

Add to Part # - "**LNS**"

Example: 211-33-31**LNS**

- Any valve with a compression outlet for Copper pipe can be ordered without the compression nut & sleeve (ferrule).
- This reduces cost for the installer who prefers to use braided connectors.

DRAIN FEATURE

Add to Part # - "**D**"

Example: 121-PX3-PX3**D**

- Create a stop & drain valve.
- Can be done on both straight and angle pattern models.
- Add "D" to the Inlet or Outlet in the part number as required.

TAG HOLE - DRILLED HANDLE

Add to Part # - "**DH**"

Example: 121**DH**-PX3-PX3

- The 3/16" hole enables you to tag the valves in a basement or mechanical room, making it simple for future identification without having to trace lines or reference original mechanical blueprints.
- Available on red, blue & nickel plated handles for all **mini-ball™** valves.

RED HANDLE OPTION

3rd Digit of Valve # becomes a "**4**" Example: 22**4**-08-04

- Specify a red handle for hot water supply valves or other color coding applications.
- Available on all **mini-ball™** valves

BLUE HANDLE OPTION

3rd Digit of Valve # becomes a "**5**" Example: 22**5**-08-04

- Specify a blue handle for cold water supply valves or other color coding applications.
- Available on all **mini-ball™** valves

LOOSE KEY OPERATION

3rd Digit of Valve # becomes a "**6**" Example: 11**6**-33-31

- Specify the Loose Key option for tamper-resistant valve operation.
- Available on all **mini-ball™** valves
